Annexation Efforts Approved In Part

State Commission Rules On Claims By St. Joseph And Buchanan

The Cities of St. Joseph and Buchanan got split decisions in their quests for annexation of land from St. Joseph and Buchanan townships.

The State Boundary commission ruled that part of 35 acres sought by the City of St. Joseph be annexed to the city, but the majority of the acreage is to remain in the township.

The commission also held that Buchanan city can annex a portion of River Shores subdivision on the eastern city limits for location of an interceptor street. But Buchanan's bid to annex 400 acres from the township was denied by the commission. The tract represents about one-twelfth of the township's tax base.

The St. Joseph case was termed a boundary straightening matter on the southern city limits. The commission's order means that about 10 uninhabited acres between Cleveland avenue and Veronica drive, north of Hilltop road, will become part of the city on Oct. 8, 1973, unless halted by court proceedings.

The tract that is to remain in the township is some 25 acres east of South State street and north of Hilltop.

Acquisition of both parcels would have put the city's southern boundary generally along Hilltop road.

St. Joseph township has contested the annexation. Township officials indicated earlier this year that an adverse decision would be fought in court. Supervisor Orval Benson could not be reached for comment this morning.

The tract ordered annexed to the city contains old Gard school and a branch office of Niles Federal Savings and Loan association.

The area denied annexation contains a number of homes and "a vast majority" of the residents and property owners opposed annexation, according to the Boundary commission report.

The commission found that the area proposed for annexation "contains a minimal portion of the township's total equalized value" (tax base).

Ivan Price, Buchanan township supervisor, upon hearing of the commission's decision, said: "My board's not fighting. I imagine we'll go for an injunction to stop the River Shores annexation from being

carried out."

City officials were not available this morning for comment.

Both annexation attempts were bitterly contested by the township. Decisions by the boundary commission can be appealed through the courts.

The annexation of a portion of River Shores subdivision for an interceptor street involves about 51 acres.

The city proposes to use Brookway drive as an entrance from Niles-Buchanan road, and then follow an abandoned

railroad bed across McCoy creek to River street.

The project, including installation of a sewer, is estimated to cost about \$200,000.

Teens Unfold Tales Of Horror

HOUSTON (AP) — Two teenage boys face a total of six murder charges after leading police to 23 mutilated bodies and telling a horror story of homosexual torture killings.

Police say they believe as many as seven more bodies may be found.

Murder with malice charges were filed early today against Elmer Wayne Henley Jr., 17, and David Brooks, 18.

They told police they had procured other teen-age boys for homosexual assaults by Dean Corli, 33. Henley told police he shot Corli to death Wednesday.

Henley was charged with two counts of murder for the deaths of Marty Ray Jones, 18, and Charles C. Cobble, 17. Harris County Asst. Dist. Atty. Michael J. Hinton said Jones was strangled with a cord and Cobble was shot to death, both on July 27.

Brooks was charged for the murder of William Ray Lawrence, 15, on July 10. Lawrence was strangled with a cord.

Hinton said he would try for arraignment this weekend.

Jones, Cobble and Lawrence are the only victims who have been identified.

On Friday, Henley and Brooks were charged on three counts of murder in San Augustine County, in Deep East Texas. Four bodies, including that of Lawrence, were found there near Lake Sam Rayburn.

The bodies of Jones and Cobble were discovered in a mass grave site at a Houston boat dock that contained 17 bodies.

The two youths also pointed

out where two bodies were buried on High Island, near Galveston.

Houston Detective W. L. Young said Henley has admitted killing nine of the victims.

Brooks gave police a long, grisly statement Friday in which he said he thought five bodies were buried on High Island.

"In all, I guess, there were between 25 and 30 boys killed," he said.

Henley told reporters there were fewer victims.

"I never said there was 30 people, I said 24," Henley, who insists on being called "Junior," told reporters as he watched jail trustees dig for bodies on High Island.

The 23rd body was found after officers told a Beaumont family

to move their tent from over its grave.

Digging was suspended Friday evening because of rising tides, a crowd of sightseers and Brooks' and Henley's failure to locate further graves.

Discovery of more than 25 bodies would make this the worst mass murder case in the nation's history. Juan Corona, a farm labor contractor, is serving 25 consecutive life sentences in California for the biggest

Hartford Fire Claims One Life

HARTFORD — A second-story apartment fire in downtown Hartford this morning claimed the life of a man in his mid-twenties.

Name of the victim was not released immediately, pending positive identification. The apartment was occupied by Dale Meyers, according to neighbors. Meyers was said to be in his twenties.

An employee at the Cook Nuclear Center, Bridgman, Meyers lived in the apartment alone, neighbors said.

The blaze was confined by firemen to the Meyers apartment, one of two above Joe's Place, a tavern at 108 Main street.

A Hartford fireman, Paul Markillie, 32, was taken to Waterliet Community hospital after he collapsed at the fire scene, reportedly from smoke inhalation.

Firemen said Markillie was attempting to carry the victim from the apartment when he collapsed.

Fire departments from Bangor, Lawrence and Keeler township were assisting Hartford firemen this morning.

Firemen said the dead man was found on the floor of the burned out apartment.

The building is owned by Joe Bunn of Hartford.

Mary's Women's and Children's store and Hartford city-township, located on either side of the bar, suffered smoke damage from the blaze, firemen said. The tavern was damaged by smoke and water, they reported.

Sketches Bring President's Thanks

The Model Cities Young People's council of Benton Harbor and Benton township has received a letter signed simply "Richard Nixon."

The letter from the President was the result of the artistic labors of a 20-year-old Benton township woman and a trip to Washington, D.C., by the Model Cities Young Peoples council and Senior Citizens.

Joyce Hal, of 1709 Council drive, Benton township, drew two colored pencil sketches of the President, which were presented to a presidential aide, at the White House, on July 4 during a tour of the capital.

The sketches were presented by Mrs. Lourella Lange, an ad-

viser to the council. Mrs. Lange said the drawings were signed by all 25 members of the council.

Mrs. Lange received the letter of thanks from the President. A part of the two-paragraph letter reads: "We live in exciting times, and I have great faith in the youth of our Nation. I am confident that with your enthusiasm and support, we can all work together to build an even better America."

The trip to Washington was sponsored by the Citizens Steering council of the Model Cities program. Forty-six youngsters and oldsters from the Model Cities area of Benton Harbor—Benton township went on the five-day trip, which was paid for with federal government Model Cities grant money.

Retarded Children Are Quarantined

DETROIT (AP) — A quarantine was imposed Tuesday on 183 retarded children at the Plymouth Center for Human Development in Northville following the second outbreak of a dysentery-like disease.

Four cases of shigellosis were discovered at the center's Binet Hall just one day after a similar quarantine at the center's Ann Sullivan Hall had been lifted.

Two Sullivan Hall residents died and at least seven other children developed confirmed cases before that outbreak was brought under control.

Girl, 9, Wins Two Beef Prizes At Cass

BY NICK TENERELLI
Special Correspondent
CASSOPOLIS — Ever since she was two years old, little

Ellen Wyant longed for the day that she could enter into competition with beef exhibitors at the Cass county fair.

Ellen got her wish during this year's beef show at the fair, capturing the hearts of her audience...and two first-place beef wins.

Ellen, 9, daughter of Mr. and Mrs. Victor Wyant, route 1, Dowagiac, was awarded the title of best junior beef showman. "Big D", her 1,430-pound Holstein steer, was named champion Holstein of the event.

At times, beef judge Amos Fox, production judge at Michigan State university, couldn't see Ellen who is 4 foot 7 behind the massive 5 foot 5 Holstein. But Fox, after awarding Ellen with her blue ribbons and trophy, lauded the beef circuit newcomer saying that she really knew how to handle her animal.

Ellen comes from quite a long line of fair-winning Wyants. Her cousin, Shawn Wyant, took top honors in this year's beef competition by winning the grand champion beef award.

In addition to her cousin's win, Ellen's immediate family has rung up an approximate total of five grand champs, one reserve champ, and eight showmanship awards in addition to numerous other fair honors.

When asked why she named her prize steer "Big D", Ellen explained that the reason was twofold. "When he behaves, his name is Big Dave," Ellen said. "But when he's naughty, it stands for Big Dummy!"

Ellen also fared well in non-livestock judging at this year's fair. Her cookies won the title of "best of fair".

A fifth grader at Dowagiac's Patrick Hamilton elementary school, Ellen is a member of the M-40 "Hustlers", a 4-H youth group.

Ellen lists her hobbies as raising livestock, dancing and singing. She has also won awards with her sister Sandy, 18, for modeling in various 4-H functions.

Besides her parents and sister, other family members include two brothers, Don and Mike, both at home; and two other sisters, Wanda of Chicago and Mrs. William Grabmeyer, Dowagiac.

Local Scout Honored At Jamboree

Eagle Scout David Wade, from Boy Scout Troop 68, Benton Harbor, Coloma, and Riverside, was selected as the model of what an Eagle Scout stands for during a campfire attended by some 1,600 Scouts during the national Jamboree at Farragut state park in Idaho.

Wade was selected from some 50 other Eagle Scouts attending the ceremonies, which included skits, dances, and assorted displays of Scouting skills.

The Jamboree ended Aug. 9.

\$200 Theft At South Haven

SOUTH HAVEN — Theft of \$200 during the night from Holly's Suburban restaurant, Blue Star Memorial highway, South Haven township, has been reported to state police at South Haven.

Troopers said the manager's office was ransacked and the money taken from a file cabinet between 11 p.m. yesterday and 5 a.m. today.

The thieves were unsuccessful in an attempt to open a safe, police said.

Tri-County Resources Program U.S. Funds Eyed For Project

By BILL RUSH
Staff Writer

An application will be submitted next week to Gov. William Milliken's office for endorsement of a resource conservation and development project aimed at bringing federal funds to Berrien, Cass and Van Buren counties.

Once endorsed, the application will be sent to the United

States Department of Agriculture for planning authorization and funds. The planning stage will be followed by funds for implementation of programs. Three similar projects have been approved for other parts of the state.

The tri-county program is called Sauk Trails Resource Conservation and Development Project, and is sponsored by the

boards of commissioners from the three counties and their five soil conservation districts.

Program goals include: providing new employment; attracting capital for development; improving recreational development and land use; and preventing erosion.

If approved, the program would be administered by the nine-member Sauk Trails council assisted by steering committees from the three counties. Chairman for the council is Tally Richards, Cass county drain commissioner.

Berrien county Commissioner R.J. Burkholz serves on the Sauk Trails council as do representatives from the St. Joseph and Galien river soil conservation districts.

Berrien Drain Commissioner Harry Nye is chairman of the Berrien county steering committee.

The project name is taken from an Indian route, Great Sauk Trail, which crossed the southern parts of Berrien and Cass counties.

The project application lists five problem areas: haphazard urbanization; destruction of natural resources; lack of recreational lands and access to water; unemployment; and need for better secondary roads and a north-south oriented expressway.

Project objectives —Aid in proper land use, particularly of grain and prime fruit land and maintain the strong agricultural economic base of the region.

—Improve and expand recreational facilities in rural communities.

—Help improve health and medical resources, make the family farm more efficient, accelerate programs to control soil erosion, encourage location of industry and commerce.

—Improve wildlife habitat, develop lake and flood control projects and improve the

present highway system. After the program is authorized, the sauk council and steering committees will receive technical assistance from a soil conser-

vation office coordinator. A plan will then be devised to achieve project goals. The planning stage will take from one to two years.

FOUND AT SCENE: Danny Thomas, 17, of 2204 Burton road, Niles, and 16-year-old Niles juvenile are seated in Berrien sheriff's patrol car following their arrest on charges of breaking and entering. Deputies at Galien substation said they observed youths and car parked at Ward's grocery and service station, US-12 and Bakertown road south of Buchanan, about 5 a.m. today. Police said they found door to station forced open and three one-quart cans of oil and padlock near Thomas' car. (Staff photo)

ST. JOE BAND

Alpert To Rossini At Sunday Concert

St. Joseph Municipal band will present 13 instrumental selections at its twin concerts Sunday at 2:30 and 7:30 p. m. in the St. Joseph band shell.

Director John E. N. Howard noted the 13 selections give the concert the basic variety that is the goal of each concert.

The selections range from a Herb Alpert number to Rossini's ballet music from the opera "William Tell."

Five lively marches will be played including the University of Michigan's "The Victors," "Trumpets of Splendor" and "The Town Band Law."

Other requests include "Alexander's Rag Time Band," "Serenata," "Night Flight from Madrid" and a host of Cole Porter compositions with highlights from "Kiss Me Kate" and a medley of "It's All Right With Me," "True Love," and "From This Moment On."

The concerts are held in the band shell located on Port street near Lake boulevard in St. Joseph.

MINK GIFT: Mink jacket worn by model is being donated to auction launching drive for \$1 million to finance construction of fine arts center at Southwestern Michigan college in Dowagiac. Auction is to be held Sept. 28 at college and is first in series of fund raising effort. Jacket is one of two fur pieces being donated by King mink ranch of Marcellus. Wearing jacket is Carol Farkas, South Bend while Pat King, daughter of ranch owner Charles King and Leonard Pryweller, South Bend, designer, check fit.

Buchanan Man Convicted

Daniel Keeter, 23, was convicted Friday by a Berrien circuit court jury of possession of a controlled substance, secobarbital, a lesser offense than the original charge of delivery.

Jurors in Judge Julian Hughes court deliberated a total of four hours Thursday and Friday before returning the guilty verdict. The defendant was continued free on \$6,000 bond pending sentence.

Keeter, of Route 1, Main street, Buchanan, as accused during the trial by an undercover agent

of the Metro Narcotics squad of delivering secobarbital to him March 6 on First street in Oronoko township.

The defendant and other witnesses testified the undercover agent wasn't at the above address on March 6, and that there wouldn't have been any sale regardless since they all knew him as an undercover agent.

Keeter was represented by Atty. Ronald Moses of Buchanan. Chief Assistant Prosecutor John Smietlanke presented the people's case.

\$10,000 GIFT: Earl R. Sorensen, left, manager of Hudson Experimental Farm, Ganges, discusses plans for modernization of Douglas Community hospital with Roland J. Peterson, president of Tower Marine, Douglas, and chairman of modernization fund-raising campaign. Sorensen earlier presented \$10,000 check from H. D. Hudson Manufacturing company of Chicago, parent firm of experimental farm, toward \$400,000 modernization project. Modernization, required for hospital to meet state standards, is to be financed by fund-raising effort. Construction is due to start in 1974.

Time-Tested Golfers Dogging Young Iverson In PGA

CLEVELAND (AP) — Jack Nicklaus, Tom Weiskopf, Sam Snead, Mason Rudolph.

The feared footsteps of pro golf's time-tested names were dogging young Don Iverson today in the third round of the Professional Golf Association tournament. The calm youngster paid them no heed.

"I'm not even thinking about them," said the 27-year-old who weathered second round pressure Friday for a 72, matching Rudolph for the lead at

three-under-par 139.

"I'm not concerned who I'm playing with," said the third-year tour regular. "I'll just go out and play the course."

That's some kind of confidence for the winner of one satellite event, considering he's up against four veterans who have a collective victory total of 148.

Rudolph, who had a 70 in the second round, owns six victories.

Nicklaus, riding a 68 into a share of third place at 140 with Gibby Gilbert and Dan Sikes, has 48 tour triumphs.

Tom Weiskopf, gunning for his sixth title in his last 10 tournaments, and tied at 141 with Tony Jacklin and Dave Stockton, has won 10 times.

And then there's Snead, the legendary West Virginia hill-billy with an unprecedented 84 victories in his 40 tour seasons.

Sam fired a second straight par 71 over Canterbury Golf

Club's lush 6,852 yards and was in a legjam at 142. Still, he dismissed his title chances with:

"If everybody else on the course drops dead, I can win."

"I'm not going to lose any sleep over this one," drawled Snead, at 61 more than twice the age of Iverson. "I'll go out there and play it hole-by-hole right down to the wire."

It took a score of 149 to survive to the nationally televised (ABC) final rounds today and Sunday. And the cut caught Ar-

nold Palmer.

"I'll go home where there's no TV blackout," Palmer quipped after missing the cut for the first time in his 16th PGA, the last of this year's major tournaments. He withdrew four years ago, though, because of a hip injury.

Palmer continued to be plagued by unsteady putting while carding a 74 Friday for a two-round total of 150.

"Again today it was the putting," Palmer said. "It got so

bad it was funny. There were times when I almost started laughing."

Palmer has had a brilliant career since joining the tour in 1955, winning more than a \$1.5 million. However, a title in the last of the Big Four golf tournaments has always eluded him.

He didn't win any tournaments on the circuit last year and this year he has come out on top in only one tournament—the Bob Hope Classic.

"The greens—that's the name of the game," he said.

The greens and Palmer haven't been getting along recently. In two rounds he three-putted four times and used 73 strokes on the greens for 36 holes.

"I made one birdie in two days, and I had to two-putt for that one," he said.

"I didn't use the same (putting) stroke twice. I was searching for something to just make the ball roll."

Palmer said he would take a couple of weeks off and probably play again in the Hartford Open.

The 43-year-old veteran accepted his predicament with outward ease and at times with levity.

Scherman Stops Sox With Limelight Effort

DETROIT (AP)—It's been a long time since Fred Scherman has been the center of reporters' attention in the Detroit Tigers clubhouse.

This has been an off year for Freddy. He has pitched very little due to injuries and the superstar development of fellow left-handed relief specialist John Hiller.

But Scherman moved back into the limelight Friday night, helping the Tigers to climb back into first in the American League East.

Scherman gave up only four hits and one run (and that on a fluke) in 8 1/3 innings in relief of Mike Strahler, while Gates Brown blasted a three-run homer to pace Detroit to a 7-3 victory over the Chicago White

Sox. Since Baltimore lost 2-1 to Kansas City, the Tigers edged back ahead of the Orioles by one-half game. Chicago, meanwhile, dropped 9 1/2 behind leader K.C. in the West.

The White Sox hoped to recoup today by sending ace knuckleballer Wilbur Wood on

the mound against Mickey Lolich of Detroit. Wood is the winningest pitcher in the major leagues with a 20-16 record. Lolich, hot and cold all year, is 11-11.

Scherman's relief job was his second longest of his career and provided him with his first triumph this season against two

losses. He had only pitched 34 2/3 innings until Friday.

Newsman clustered around him in the clubhouse, like they used to do when he was the star reliever in 1971 with 20 saves in 69 games.

"Remember these guys?" queried Manager Billy Martin jokingly as he headed towards the shower. "These are members of the press."

Earlier Martin had said in his office: "We've been needing Freddy. ... Freddy showed tonight he's got his rhythm back."

Scherman had missed about two weeks after the exhibition game at Houston July 19. He pulled a muscle in his right side.

"It's not all healed up, but it's good enough to throw," said the affable southpaw. "I could feel it all the time out there but it didn't hurt."

"I should have felt tired, but I didn't," he added later.

The modest hurler said facetiously, "I'm glad I can say now that I contributed to one win. If we win it by one-half game maybe I can say I won the pennant for us."

The run Scherman gave up scored on Carlos May's doubleplay ball in the third inning and gave Chicago a 3-1 lead. Jerry Hairston had walked and Bill Melton singled. May forced Melton at second but Ed Brinkman's relay to first hit the sliding Melton in the hand, forcing him to leave the game. He was to be x-rayed today.

The White Sox scored twice in the first inning to send Strahler to a quick shower. Pat Kelly opened with a walk, Hairston doubled him home, and May singled in Hairston.

Brown's doubleplay grounder scored a Tiger run in the bottom of the first following singles by Jim Northrup and Mickey Stanley. Designated hitter Brown's homer, his 10th, came in the third off starter Steve Stone—who lost his seventh consecutive game in a 4-10 record.

The drive landed in the lower deck in right-center after Northrup walked and Stanley singled. At Kaline followed Brown's blast with his seventh homer, greeting reliever Ken Frailing.

The Tigers scored a pair of unearned runs off Frailing in the fifth. Brown walked, Kaline forced him and stole second, Norm Cash was hit by a pitch with two out, and second baseman Jorge Orta bobbled Duke Sims' grounder for an error loading the bases.

Aurelio Rodriguez then hit an infield single for one run and Brinkman walked to force in the first run.

Hurt Smith Storms Out Of Boston Park Long Jackson HRs Fall Short

From Associated Press
Reggie Smith and Reggie Jackson did their disappearing acts Friday night, but only Jackson did it with a bat and ball.

While Jackson propelled two baseballs into seldom-reached areas of Yankee Stadium in the Oakland A's 10-9 loss to New York, Smith stormed out of Boston's Fenway Park with a defiant gesture to booing fans and the Red Sox went on to a 5-3 defeat at the hands of the California Angels.

Elsewhere in the American League, the Kansas City Royals edged the Baltimore Orioles 2-1, the Detroit Tigers whipped the Chicago White Sox 7-3, the Milwaukee Brewers downed the Minnesota Twins 5-1 and the Cleveland Indians trounced the Texas Rangers 8-1.

Smith, who has been playing on two bum knees most of the season, got the Bronx cheer in New England. The Fenway faithful blistered his ears after he failed to run out a double play grounder in the first inning and let a soft fly ball drop in front of him in the second.

As Smith limped to the bench, he raised his helmet aloft — he wears it in the field — slammed

it into the dugout and disappeared into the night.

"He just took off and didn't say anything," reported Manager Eddie Kasko. "He left without permission. There'll be some action taken, but I don't know right now what it will be."

Dwight Evans, who replaced Smith, put Boston on top 3-2 with a sixth-inning home run. But he twisted his neck in a futile dive for Jeff Torborg's shallow fly in the seventh and was hospitalized for overnight observation.

Torborg's hit was turned into the tying run on Frank Robinson's two-out single. Robinson also hit a two-run homer in the first inning, singled and scored in the ninth and walked twice. The Angels took the lead in the eighth on Lee Stanton's triple and Richie Scheinblum's single. Designated hitter Orlando Cepeda hit a two-run homer for the Sox in the second. It was the 375th of his career and moved him ahead of Rocky Colavito into 18th place on the all-time list.

Jackson's two homers into Mickey Mantle territory — he drove in a fourth run with a ninth-inning single — weren't enough to overcome the

Yankees' 15-hit attack, which included home runs by Thurman Munson, Roy White and pinch hitter Ron Blomberg.

Jackson hit his first homer halfway up the right-center field bleachers in the sixth inning and hammered a two-run shot deep into the upper right field seats in the eighth.

New York's Thurman Munson drove in four runs with a three-run homer and a bunt single while Bobby Murcer and White added five extra-base hits. White cracked two doubles in addition to his home run and Murcer had a double, triple and two-run single.

Deron Johnson and Bert Campaneris also homered for Oakland.

Royals 2, Orioles 1

Hal McRae and Lou Piniella drilled solo home runs off Doyle Alexander in the fifth inning and the Royals hung on and knocked the Orioles out of first place in the American League East. Baltimore dropped one-half game behind Detroit while the win put the first-place Royals two games ahead of Oakland in the West.

Brewers 5, Twins 1

A disputed two-run homer by George Scott highlighted a five-run fourth inning. Dave May doubled with one out in the fourth and scored on Scott's controversial homer, which fell back onto the warning track. Umpire Jim Odum first signaled home run, changed it to a ground rule double, then signaled home run again.

Indians 8, Rangers 1
Gaylord Perry pitched a sixhitter and the Indians raked David Clyde for eight hits, including a home run by Walt Williams. In heating the grumpy-prone (five) Rangers. The only run off Perry was Jeff Burroughs' 18th homer.

National League scores: Philadelphia 5, Los Angeles 3; Cincinnati 8, St. Louis 4; San Diego 4, Montreal 3; Atlanta 5, Pittsburgh 4; Houston 6, Chicago 4; New York 7, San Francisco 1.

Jet Holdouts Hill, Boozer Suspended

Sid Gillman On Probation

From Associated Press
In discussing how he might deal with two of his holdouts Emerson Boozer and Winston Hill, New York Jet Coach Weeb Ewbank listed several possible alternatives.

"The alternatives according to Ewbank were 'fine, suspend, trade, retire, play out option.'"

He added "we have used two of these."

Last week, Boozer and Hill were fined for missing the Jets game against Houston, Friday, when it became evident they would not play tonight against San Francisco, the two players were suspended and fined for an indefinite period.

"We definitely don't want to trade them and the other two options, whether they retire or decide to play out their options are up to the individual player," Ewbank said.

While the Jets will try to get along tonight without Hill, Boozer and Larry Riggins who is also holding out, Baltimore will be at Atlanta, Buffalo at Green Bay, Cleveland at Los Angeles, Chicago at Houston, New Orleans at Miami, Dallas at Oakland, Pittsburgh at Minnesota, Philadelphia at Cincinnati and St. Louis at San Diego.

The New York Giants are at New England Sunday while Detroit is at Kansas City Monday night.

In National Football League action Friday, Bob Brunet plunged over from the three-yard line in the final quarter to give Washington a 14-10 victory over the Denver Broncos.

Both Hill and Boozer are asking \$100,000, up from \$50,000 for Boozer and \$45,000 for Hill. "The \$100,000 figure for one season was to make it more

reasonable for the Jets to consider a multi-year contract," said the two players' counsel Jimmy Walsh. "Both players want to finish out their careers with the Jets."

NFL Commissioner Pete Rozelle apparently has exercised a little disciplinary action of his own in placing Sid Gillman, general manager of the Houston Oilers, on probation.

The action, reported Friday, stems from charges by San Diego players that when Gillman was coach and general manager he forced them to use illegal drugs.

The Commissioner's office confirmed the probation but said it was to be considered loosely.

"It just means that he is expected to work under the highest standards of conduct from now until he leaves the league."

Elsewhere, the New England Patriots picked up running back Max Anderson from the Kansas City Chiefs Friday and the Cincinnati Bengals traded offensive guard Steve Lawson to the Minnesota Vikings for an undisclosed draft choice.

Gast, Burger King Lose In Districts

NILES — Gast Manufacturing was dropped into the losers' bracket and Burger King was eliminated in district softball action here Friday night.

Don Gagliotta's lead off homer in the fourth frame powered Stroh's past Gast 1-0 in Class D, while Clark's came up with two runs in the final inning to oust Burger King 2-0 in Class C.

Stroh's finished with six hits off Gast losing pitcher Frenchy Rousch, including two singles apiece by Tim Rosenbaum and Ray Brooks.

Gast collected five hits off winning Stroh's hurler George Pangman, including two singles by Dick Shembarger and a double by Bruce Worley.

Clark's Rick Nelson and Mike Smiley started Clark's winning seventh with lead off singles and Randy Habel followed with a double.

Phil Day was the winning

Bat Buster Top Women's League

The Bat Busters downed the Curves 9-5 to sew up the championship in the Whirlpool Women's softball league.

Marilyn Roe hit a three-run triple for the Bat Busters, while winning pitcher Carol Shook also had a triple.

In a second game, the VEPs got three hits from Glenda Sawatski and Mona Schmeichel and a pair of doubles from Carol Easton in downing the Grasshoppers 13-7.

Pat Franklin had a single and two RBIs and Nisha Doss a triple for the losers. Teri Pallas was the winning pitcher.

Ask Them Yourself

FOR DR. JOYCE BROTHERS

Would you say that the dirty doings of Watergate are a "sign of the times"?—Robert Beaton, Ventnor, N. J.

● Watergate is a penalty being exacted from the public for living according to the theory that the informer is a fink

and the guilty party is a martyr. Like the general public, the people in Watergate have accepted the theory that loyalty is first and honesty second, no matter what the crime. The tragedy is that the young people know about Watergate and are forming a dubious opinion of the basic concepts of honesty.

FOR CHARLES SCHULZ

Any comments about the third-century etchings resembling "Snoopy" that were recently found by archaeologists in Rome?—William H. Curtis, Bakersfield, Calif.

● Snoopy may well be descended from ancient Rome, as evidenced by his taste in art, literature and Olympic contests. But as far as I know, his only prototype was a black-and-white spotted dog named Spike—my childhood pet and the best friend I ever had.

FOR PAT NIXON

Are you an orphan? We never see or hear anything about your family.—Mrs. L. M. Biggers, Clarksville, Tenn.

● My parents died when I was a teenager. I raised my brothers and sister and helped support them through college. But I do not choose to draw a great deal of public attention to them. They prefer to lead as much of a private life as possible.

FOR MARILYNN SMITH, professional golfer

I was playing pretty well, and now all of a sudden I've hit a slump—does this ever happen to pro golfers?—Mae Swan, Santa Ana, Calif.

● Definitely! And each of us has her own way of getting out of slumps. I know several golf instructors I have confidence in, and when I hit a slump I have one look over my swing. My problem usually boils down to tempo—I'm too fast. My exuberant personality works to my detriment in my swing. But some pros just take off and go fishing, and come back with a fresher outlook.

FOR SEN. WALTER F. MONDALE (D-Minn.)

You've proposed an Office of Federal Elections to enforce election laws. Don't we have enough prosecutors and grand juries running around already?—K. N., Elgin, Ill.

● Watergate has made it clear that politicians are not likely to investigate themselves, and that prosecution of political crimes will not likely be vigorously pursued by political appointees. We need an agency insulated from politics to investigate and prosecute political crimes.

FOR AL PACINO, star of "The Godfather"

Was that a real horse's head that was placed in the Hollywood producer's bed as a warning from the Godfather?—Sharri Klassen, Myrtle Creek, Ore.

● It was a real horse's head. It was taken from a horse that had been shot because of a broken leg three days before the scene was filmed.

FOR HOWARD COSELL

Your comments about the bad aspects of intercollegiate sports interest me. Do you believe that there will be another college-basketball scandal?—D. L. King, Atlantic City, N. J.

● There was a college-basketball scandal in the forties, one in the fifties, one in the sixties, and there will probably be one in the seventies.

FOR CHER BONO

You're always joking about Sonny's height. Really, how tall is he and how tall are you? Also, is that last part of your show, when you bring Chastity out, rehearsed?—J. B., Mt. Angel, Ore.

● I'm 5'6" and Sonny is an inch taller. No, Chastity needs no rehearsal, she's a natural-born performer.

FOR LEE MARVIN, star of "The Emperor of the North"

How do you manage to keep your self-confidence?—L. M., Rock Spings, Wyo.

● I'm not self-confident—that's what makes me so good!

FOR JEANE DIXON, clairvoyant

Did you at one time or another foresee the Watergate affair?—Mrs. H. Brensike, New London, Wis.

● In my prediction of October 21, 1968, I said: "A wire-tapping scandal which I have predicted previously is yet to come. It will involve Richard Nixon, but will show him as a sincere man and will help his public image. I saw a ball going round and round in what seemed to be a roulette wheel; the ball seemed always to stop on a double-O. It seemed to indicate a name or names which I could not interpret. A tall, dark man also appeared to be involved. The entire matter will affect Mr. Nixon favorably and would seem to put him in a position to right a great wrong, which would be for the good of the image of the U.S."

Mark Donohue: "Anything Besides Winning Is Failure"

By Larry Bortstein

Dressed in a dark suit and conservative tie, Mark Donohue could pass for almost any other high-salaried young business executive.

Donohue, who is a young 36, could even be a business executive. He has a degree in mechanical engineering from Brown University in Providence, R.I., and an additional one and a half years of graduate study in business.

But Mark's attire when he's at work is not the kind you buy at a men's store. It's a fireproof suit made of a plastic-type substance called Nomex. That's because Donohue is a race driver—perhaps the best in America today, and certainly one of the best five or six in the world.

While other race drivers often act and talk as tough as the pavements on which they drive, Mark, who's known as "Captain Nice," presents quite a different image. He is notoriously easier to deal with than, say, A. J. Foyt, who is called "Tough Tony" because of his often-irascible manner. Donohue suggests that his "Captain Nice" label is not entirely accurate. "It's true that I don't mouth off a lot, and I'm usually agreeable with people. But if it's a couple of days before a big race like the Indianapolis 500, and someone comes up to ask me something not directly connected with the race, he's going to walk away thinking I'm pretty awful. I'm not in a mood for small talk then."

Mark brings his businesslike demeanor to what is perhaps the most businesslike operation in racing today. He's the No. 1 driver for Roger Penske Racing, headed by former sports-car whiz Roger Penske. Leaving little to chance, Penske employs as brilliant a corps of mechanics and engineers as exists in American racing. Often working from 8:30 a.m. till past nine at night, these men turn out the racing machinery that enables Donohue and other Penske drivers to wage all-out assaults on the nation's racetracks.

When he's not racing or inspecting cars here and abroad, Mark is a regular at the Penske Racing headquarters, near his home in Newtown Square, a Philadelphia suburb. "I'll put in incredibly long hours at the shop," he says. "When you're at this level of racing, you have to invest the time and hours because this is your business." Donohue has been known to spend the night sleeping on a cot in the garage in order to get an early start the next morning.

"Speed is not the primary goal in racing," says Mark. "What good is it if you have the fastest car if it only lasts a few miles?"

"At high speed, the engine cover lifted, and the magnesium car went crashing into a wall, turning cartwheels as it spun sickeningly into fragments."

Excesses of this type have led to separation from his wife, Sue, the mother of two young sons, Michael and David.

Starting with his own Elva Courier, a small sports car that he drove in his first amateur race at Lime Rock, Conn., in 1960 (he finished fourth), Mark has become one of the most prosperous men in motor sports. He has won on the oval-track courses of the U.S. Auto Club and the National Association for Stock Car Auto Racing; he is also one of the finest road race drivers this country has produced, with victories in the Canadian-American Challenge Cup series (Can-Am), the Trans-American Championship (Trans-Am), and the Formula 5000, or Continental Championship.

Despite all the triumphs, Mark feels that "speed is not the primary goal in racing. What good is it if you have the fastest car if it only lasts a few miles? We strive to see that the car stays together for the full distance of a race, like the 500 miles at Indianapolis and the other big races. You have to finish all 500 miles in order to win. And anything besides winning is a failure."

Mark's experiences in the Indianapolis 500 offer graphic proof that speed

isn't everything in racing. In 1971, his car was the fastest in practice runs, achieving speeds of more than 180 mph. But on race day, after building up a sizable early lead, Donohue was forced to drop out on the 66th lap of the 200-lap event due to a broken gear.

In 1972, on the other hand, Donohue could summon less horsepower from his machine than several competitors at Indy. But at the end of the 500-mile grind, Mark had the nose of his number 66 dark-blue McLaren in front of the field. His purse for winning the race amounted to nearly \$200,000, the largest one-day haul of his career. His annual earnings now are said to approach the \$500,000 mark.

Bumps and bruises are constant riding companions of every man who steps into the cockpit of a racing machine. Most drivers accept pain stoically, and Donohue is no exception. A couple of years ago Mark appeared at a press conference in New York with heavy bandages over his left eye and cheek. When asked what had happened to his eye, Donohue shrugged and said, "Oh, a piece of metal was on the track yesterday when I was testing the car and it flew up and hit me in the eye. I

just needed a few stitches."

Shortly after his Indianapolis 500 victory in 1972, Donohue was testing his car in Atlanta for an upcoming race. At high speed, the engine cover lifted, and the magnesium car went crashing into a wall, turning cartwheels as it spun sickeningly into fragments.

Mark's left knee was badly damaged. "The bottom of the leg was turned away from the knee," he recalls, and a lengthy hospitalization was required.

Mark's passion for cars first overcame him as a boy in Summit, N. J., where he started driving his father's car in their curving driveway when he was nine.

Though his parents opposed Mark's racing in the beginning, they are among his big fans now. Mark, Sr., is a patent lawyer and a partner in a New York law firm. His wife Hazel is a retired fifth-grade teacher.

Mark has two younger sisters. Nancy is a greeting-card artist, and Mary Ellen runs a horse stable. "As you can see," says Mark, "we have very diverse interests. But we had the kind of parents that let us do what we liked for the most part. There were objections to my racing, but this is not the type of profession you go into lightly. I think my parents wanted to make sure I knew exactly what I was getting into. I haven't been sorry and I'm sure they're not sorry either."

"Oh, Mr. Welk! My (Grand) Mother Just Loves You!"

Move to the pool

August usually seems to be the hottest month. A good time to move an active sport like basketball into the water to keep cool.

The more time you spend in the water, the more you should know about Tampax tampons. They're sanitary protection worn internally, so you can go swimming. They're hygienic and comfortable for all girls of menstrual age.

Tampax tampons are softly compressed and expand to fit your inner contours. The silken-smooth container-applier makes insertion easy. And the withdrawal cord is chain stitched the entire length of the tampon so it can't pull off.

August heat means more time in the water. And even more reason to rely on Tampax tampons.

Lawrence Welk and his wife, Fern: "Even when I was a young man," he says, "it was always the girl's mother who liked me best."

By Lawrence Welk,

With Bernice McGeehan, especially for FAMILY WEEKLY

"Lawrence Welk!" screamed one of the boys. 'Are you kidding! Migawsh, my mother used to make me look at him! Boy, he's terrible!' The rest of the boys laughed right along with him, and I must say the conversation died a little after that, till one of the boys asked me what I did...."

The wonderful fans I've met during my 50 years in the music business keep saying such nice things to me I sometimes worry I may start to believe them. But just about then, along comes someone who brings me down to earth!

Like the lady who came backstage one night as we were getting ready to televise our weekly show. She had somehow slipped past my secretary, Lois Lamont, who generally keeps an eagle eye out for unexpected visitors, and then tracked me down in the makeup room where I was getting made up for the cameras. Rudy Horvath, who has been with me for years, was busy applying the paints and powders, and the lady was absolutely fascinated at the sight. She hung over Rudy's shoulder watching every move he made, scarcely daring to breathe. When he had finished she came over to me, inspected me closely from all sides, and then turned to him. "Sir," she said, "you are a real genius!"

Well, that's the kind of thing that keeps your ego down to size. And so did the lady who cut in on me one night during a tag dance that we were featuring on the show. She was a large lady, weighing close to 200 pounds, and she came shoving up from the back of the line, elbowing every-

body else aside. The other ladies had been tapping me lightly on the shoulder—but not this lady! She hit me such a crack I nearly went down on my knees; and then, before I could recover, she grabbed me around the waist with one hand while she beamed and waved vigorously at the camera with the other. "I've never danced a step in my life," she announced as I regained my balance, "but I always said if I ever got out here to Hollywood I'd come down and dance on your show." Well, I have danced with literally hundreds of thousands of ladies in my time, and I've never had the slightest trouble with them, but this lady was something else! No matter how hard I tried, I just could not get her on the beat, and we struggled for some time in full view of the cameras. Finally she pulled back and eyed me with disgust. "You," she said flatly as she turned to leave, "certainly look like a much better dancer on television!"

Mothers are, and always have been, the heart and soul of our audience, and even though our listeners have grown to include an increasing number of young people in the past few years, it's the mothers who hold our first affection. I think I've always had somewhat of a problem with mothers.

Even when I was a young man, fresh off the farm in North Dakota, and just beginning to date, it was always the girl's mother who liked me best! And whenever a beautiful girl would come up to the bandstand and smile prettily at me, chances were she was only going to tell me how much her mother loved me. (They're still doing that, only now they tell me how much their grandmothers love me!)

But of all the people who have burst my bubble over the years, I think the five young boys I picked up one day as they were on their way to the beach must rank among the most unforgettable. They had no sooner gotten in the car than my ego took a blow, because not one of them recognized me. Nothing daunted, I maneuvered the conversation around to music. "Which orchestras do you boys like best?" I asked.

"Oh," they said, "we don't listen to orchestras. We like groups—rock 'n' roll, you know, like that."

"Mmmm," I said. "Well, do you ever look at television?"

"Sure, all the time."

"Do you ever watch the Lawrence Welk show?"

"Lawrence Welk!" screamed one of the boys. "Are you kidding! Migawsh, my mother used to make me look at him! Boy, he's terrible!" The rest of the boys laughed right along with him, and I must say the conversation died a little after that, till one of the boys asked me what I did. "Well," I said, "you fellows won't be mad at me if I tell you, will you?" (I was a little concerned they might be embarrassed if they knew who I was.) "No," they said, "why? Are you a cop?"

I laughed. "No. No, I'm not a policeman, I'm a musician."

"Yeah? What do you play?"

"The accordion."

There was a brief and terrible pause as the awful truth began to dawn on the boys, and then the one who had yelled the loudest said weakly, "Oh boy. You're... Lawrence Welk, aren't you?"

When I nodded he turned white and made a grab for the door handle on his side of the car. I think he would have jumped right out if I hadn't reached over and pulled him back. "Oh, Mr. Welk," he moaned, "I'm sorry I said all those dumb things. I didn't mean them, please excuse me, will ya?" I assured him I would, but he sat miserably for a few more seconds. Then suddenly his face cleared.

"Hey!" he cried triumphantly, "it doesn't matter what I think of you anyhow, Mr. Welk, 'cause, listen... my mother just loves you!"

Photo by William Holland

Set out in an old garden: Party Crab Canapés, Chilled Cucumber Soup, Molded Gazpacho Salad, Armenian Kebabwiches, Avocado Supreme Salad, Curried Shrimp Boats and Bombay Bisque.

PARTY CRAB CANAPES

- 2 cans (about 7½-oz. size) crab meat, drained and flaked
- ½ cup mayonnaise
- 2 teaspoons lemon juice
- ¼ teaspoon dillweed
- 1 egg white, stiffly beaten
- Party rye bread slices, toasted
- 3 slices process cheese, cut in 1½ x ¼-inch strips

1. In medium bowl, combine crab, mayonnaise, lemon and dill. Gently fold in egg white.
2. Spread about 1 tablespoon crab mixture on each toast slice. Crisscross with cheese strips.
3. Broil, 4 inches from source of heat, until cheese melts slightly.

Makes about 27 appetizers

MOLDED GAZPACHO SALAD

- 2 envelopes unflavored gelatin
- ½ cup cold water
- 2 cans (10¼-oz. size) condensed chicken broth
- ½ teaspoon garlic powder
- Dash cayenne pepper
- 2 cups chopped fresh tomatoes
- 1 cup peeled, seeded, chopped cucumber
- ½ cup chopped green pepper
- ¼ cup finely chopped onion
- Crisp lettuce leaves, optional

1. In 2-qt. saucepan, sprinkle gelatin on cold water to soften. Place over low heat, stirring until gelatin is dissolved.
2. Remove from heat; add broth, garlic powder and cayenne. Refrigerate until slightly thickened.
3. Fold in tomatoes, cucumber, green pepper and onion. Pour into a 7-8-cup mold. Chill 6 hours, or until firm. Unmold on attractive serving plate. Garnish with lettuce if desired. Serve with Party Crab Canapés.

Makes about 6½ cups

CHILLED CUCUMBER SOUP

- 1 cup condensed chicken broth
- 2 tablespoons lemon juice
- ¼ cup finely chopped onion
- 1 teaspoon salt
- ½ teaspoon dried dill leaves, crushed
- Dash garlic powder
- 1 teaspoon grated lemon rind
- 1 cup sour cream
- 1 cup yogurt
- 2 cups peeled, seeded, chopped cucumber

Cucumber slices Lemon slices

1. In electric blender container combine broth, lemon juice, onion, salt, dill, garlic and lemon rind. Blend covered 1-2 minutes, or until smooth.

2. Add sour cream and yogurt. Blend cov-

ered 15-30 seconds, until just blended. Stir in chopped cucumber. Cover; refrigerate at least 1 hour, until very cold.

3. Pour into chilled 1½-qt. tureen. Float cucumber and lemon slices on surface.

Makes about 5 cups, 6-8 servings

ARMENIAN KEBABWICHES

- 1 can (10¼ ozs.) condensed tomato soup
- 1 lb. ground lamb or chuck
- ½ cup fine dry bread crumbs
- 1 egg, slightly beaten
- ¼ teaspoon ground thyme
- 1 teaspoon garlic salt
- 12 green-pepper squares (1 inch), parboiled 2 minutes
- 12 cubes eggplant (1 inch)
- 12 cherry tomatoes or 3 small tomatoes quartered
- ¼ cup burgundy or other dry red wine
- ¼ teaspoon oregano leaves, crushed
- 4-6 Armenian or Arab bread rounds (about 6 inches in diameter)

1. In medium bowl thoroughly mix 2 tablespoons tomato soup, lamb, bread crumbs, egg, thyme and garlic salt. Shape firmly into 16 meatballs.

2. On four skewers, arrange meatballs and green-pepper squares.

3. On four separate skewers arrange eggplant and tomatoes.

4. In 1-qt. saucepan, combine remaining soup, wine and oregano. Heat; stirring occasionally. Reserve ¾ cup sauce. Brush meatballs and peppers with remaining sauce.

5. Place meatball and pepper skewers on grill and broil 4 inches from heat about 15 minutes, or until done, turning and brushing with sauce.

6. Brush eggplant and tomatoes with sauce; broil 5-10 minutes, or until done, turning and basting occasionally.

7. Heat reserved sauce. To serve, cut bread in half; spoon meatballs and vegetables into pocket. Serve with sauce as accompaniment to Chilled Cucumber Soup.

Makes 4-6 sandwiches

AVOCADO SUPREME SALAD

- 1 envelope unflavored gelatin
- 1½ cups water
- 1 tablespoon lemon juice
- ½ teaspoon salt
- 2 ripe medium-size avocados, peeled and pitted
- Salad greens
- Mandarin orange sections

1. In 1-qt. saucepan, sprinkle gelatin on 1 cup cold water. Place over low heat; stir until gelatin is dissolved.

2. Add lemon juice and salt. Refrigerate until slightly thickened.

3. Blend avocado and ½ cup water in electric blender container until smooth; fold into thickened gelatin.

4. Pour into 6 individual molds. Refrigerate until firm.

5. Unmold on salad greens; garnish with orange sections.

Makes about 2½ cups, 6 servings

How Your Horoscope Can Bring You Wealth, Love, Success And Happiness

by NORMAN P. KENNEDY

Did you know your horoscope could mean the difference between happiness or sorrow; between success or failure?

Picture a long room with doors at each end. In this room there is money, attractive persons of the opposite sex, books that tell you the secret of happiness and many other valuable articles. But, also in this room are bottomless pits, traps, hostile persons and dangerous beasts chained in various places around the room. You must walk through this room, but you may take out of it anything you can.

Now if you had a choice, would you choose to 1) go through the room blindfolded or 2) go through the room with your eyes open and with written instructions on which places and people to visit or avoid.

Of course, all of us would pick the second choice in a case such as this. Isn't it ridiculous, then, that we would choose to go thru life, the same situation, blindfolded! Even when there is a means to go thru life with a map and our eyes wide open! The means provided is **Astrology**. The map is our astrological horoscope.

How does it work? Nature's cosmos imprints each of us at the time of birth - when the umbilical cord is cut. We then become ourselves. Until the cord is cut, we are part of our mother. Why or how we presently do not know. The movement of the large solar bodies then times potentials for events in our lives. Astrology does not cause events but is timing of events. But, it's not fortune telling. It's a prediction of potentials which free will can override.

Here is a common misconception about astrology. Some people say, "how can stars millions of light years away be related to our lives." The error here is the word stars. Astrology deals with the relationship of our lives with the sun, moon, and planets—not stars.

And, anyone who doesn't think that the sun, moon, and planets do not regulate earth and its inhabitants, had better think again. We all know how the moon controls the tides. We have all heard of the famous clam experiments where the clams open and close by the cycle of the moon, sun, and planets. Police departments and insurance companies show exact relations with crime and violence with cycles of the moon, sun and planets. Doctors are finding direct relationships with successful operations and the cycle of the solar bodies. Authenticated research is now proving that astrology can predict natural disasters, wars, diseases a person will suffer, personalities of people and much more.

What does a natal horoscope analysis by a qualified astrologer contain? A natal horoscope analysis contains the best psychological analysis of yourself that you can get today. Because, in a controlled experiment in 1960, astrologers beat psychiatrists in predicting case histories.

In addition, a natal horoscope analysis includes discussions on the following: financial outlook; taxes and inheritances; early home environment; relationships with family; relatives

and parents; love and marriage; children; career and occupation; hopes; wishes and goals; and subconscious attitudes. In a major analysis, a one year forecast is also included.

Many people think that astrology only appeals to "way out" unscientific people. Nothing could be farther from the truth. In fact, studies show that astrology appeals most to intelligent and logical people.

Consider these famous scientists: Galileo—astronomer, Carl Jung—psychologist, Johannes Kepler—astronomer, Roger Bacon—mathematician, Tycho Bache—astronomer. Want to know what they all had in common? They all were astrologers themselves or used astrology in their work. Even Albert Einstein was impressed by the accuracy of astrology when he studied it in his late years.

Astrology appeals to people in every walk of life. A horoscope has meant the difference between success and disaster for famous people throughout history. Your horoscope can mean the same to you.

Your horoscope can help you be in the right place at the right time.

Did you know that the three wise men who found the Christ Child were astrologers? The "large star" which guided them to the Christ Child was really a cluster of cosmic bodies which were, as predicted by astrological charts, in line at that particular time. This was the reason it was so bright.

Your horoscope can help you avoid disasters while guiding you to your beneficial opportunities.

Did you know that astrology helped the allies win W.W.II? The allies employed astrologers. The axis powers started out employing astrologers. But, this was ceased early when the famous astrologer, Karl Ernst Krafft, predicted the exact time and place of an attempt on Hitler's life in 1939. Hitler thought the astrologers were conspiring against him, so they were imprisoned.

This proved to be a tragic decision for Hitler. A decision that may have altered the course of the war. Because, if Hitler had studied his horoscope, he would have used different strategy. Why? Because two horoscopes, one of Adolf Hitler, drawn by two different astrologers, in two different countries, at two different times exactly predicted the course of W.W.II.

Hitler did get to see these horoscopes . . . too late. He read them in the last hours of the war as Berlin burned around him. The following is an authentic account of the incident.

Here is a direct quote from **THE RISE AND FALL OF THE THIRD REICH**, by William L. Shirer:

"They sent for two horoscopes, which were kept in the files of one of Himmler's multitudinous "research" offices. One was the horoscope of the Fuehrer drawn up on January 30, 1933, the day he took office; the other was the horoscope of the Weimer

Republic, composed by some unknown astrologer on November 9, 1918, the day of the Republic's birth. Goebbels communicated the results of the re-examination of these two remarkable documents to Krongk.

An amazing fact has become evident, both horoscopes predicted the outbreak of the war in 1939, the victories until 1941, and the subsequent series of reversals, with the hardest blows during the first months of 1945, particularly during the first half of April. In the second half of April, we were to experience a temporary success. Then there would be stagnation until August and peace that same month. For the following three years, Germany would have a hard time, but starting in 1948, she would rise again. "Hitler committed suicide in April, 1945.

On the other hand, astrologers aided the allies in forecasting the axis moves. The most famous astrologer, Louis de Wohl, employed by British government, predicted the exact events leading to the downfall of Mussolini. He gained the faith of the American military when he predicted Pearl Harbor a year before it happened.

More on avoiding disasters, here is a story from a recent newspaper article in the Miami Herald's Sunday magazine.

"Mary Kelly is a computer programmer. She credits astrology with saving her from an operation on her legs that would have left her crippled. "It happened in New York in 1963," she says. "My doctor decided an operation was needed, and told me to check into the hospital Friday for the procedure on Monday. I consulted my astrologer, who did a special lunar return chart and came up with the possibility of a wrong diagnosis for Monday. She told me to have the operation changed to Wednesday, in order to allow the planet Neptune, amongst others, to change position. I did this, and on Tuesday the doctor suddenly discovered a blood clot was causing the trouble. Had he performed the operation, as any doctor would have on Friday's symptoms, I probably would never have walked again."

Also in the Miami Herald article, was a story about a noted Miami astrologer, Clifford McMullen. Here is an excerpt.

"McMullen is also listed as the official astrologer to Sen. George McGovern, and predicted in February, 1972, that he would lose in November to President Nixon. At the same time, he forecast the victory of his Democratic nomination at Miami Beach.

As he explained to his afternoon audience class recently, "The planet Saturn came into conflict with a planet of McGovern's career area, setting up a T-square, which means considerable difficulties to overcome. In October, Nixon, a Capricorn, will be benefiting from the good planet Jupiter, while McGovern, a Cancer, will have the trouble-

giving planet Saturn in conflict with his career area, from the 12th House, building up unknown enemies. Really, in the coming race, he might as well say home."

Your horoscope can bring you wealth. Famous business tycoon J. P. Morgan, used astrology to acquire his fortune. Morgan did not make a financial move without checking his natal horoscope forecast.

From the article in the Miami Herald come these stories:

—Stockbrokers on Wall Street are as likely to call an astrologer in this decade as Hollywood film stars would call a psychiatrist in the last. David Williams, a 75-year-old retired financial expert who lives in Clearwater, has made \$150,000 from the stock market in 13 years by using astrology as an investment guide.

Robert Cooper is a classic, middle-aged establishment sort with silver-rimmed glasses - but he wouldn't move a penny in the \$4-million St. Petersburg corporation from which he retired recently as vice president, before charting the planets.

Your horoscope can show you the way to success and happiness in love and marriage. Horoscopes of Grace Kelly, Jackie Kennedy, and Liz Taylor predicted their current successful marriages. Grace Kelly to Prince Rainier, Jackie Kennedy to Aristotle Onassis and Liz Taylor to Richard Burton.

Princess Grace and Prince Rainier have recently had their horoscopes done together by American astrologer, Keith Clayton. As with these famous people, your horoscope can help you find and keep a lasting and meaningful love relationship.

Is a natal horoscope analysis a good investment?

By knowing how to advance your career or making a correct financial decision, you would get back your investment thousands of times. Success in the areas of love, marriage, children relationship and peer relationship is of infinite value. Knowing what future potentials to take advantage of and which ones to avoid can offer a priceless feeling of security.

Now and through the ages a good natal horoscope analysis has meant success for many people. In other cases many men have missed their opportunity, some with tragic consequences, such as Adolf Hitler.

Will you miss your success opportunities? Will you stumble into pitfalls you could have avoided?

Today, right this moment, you can have your natal horoscope cast and analyzed. You can get it for only the cost to make your duplicate copy. You get the expensive casting and analyzing process—FREE. The article below will tell you how. The means are available, but the choice is yours.

BY SIMPLY MAILING IN YOUR BIRTH DATA FOR RESEARCH

HOW TO GET YOUR NATAL HOROSCOPE FOR ONLY THE COST OF MAKING COPIES.

by John F. Ford, President of the American Astrological Assoc.

Send me your exact time and place of birth. I'll cast and analyze your natal horoscope for research purposes. You may have duplicate copies of your horoscope for only \$3.00—the cost to make your copies plus postage and handling costs. You get the expensive casting and analyzing process—FREE, because of the fact that we must produce your horoscope for research anyway.

Your natal horoscope will consist of nine pages and over 3,000 words. Your natal horoscope will contain your psychological analysis plus a discussion of the following: your love; financial outlook; marriage, family and children relationships; career and occupation; hopes, wishes and goals; and subconscious attitudes. A horoscope of this type would cost up to \$300 if done by an astrologer.

I will cast your horoscope with the help of our 360 - 65 I.B.M. computer, which contains over 24 million bits of information. Your horoscope will not be the worthless type found in daily newspapers. Your natal horoscope will be cast from your exact time and place of birth for you and you alone.

THERE'S ABSOLUTELY NO CATCH. I need this information for my astrological research. I am looking for certain planet configurations. If you are chosen as a research subject, I will mail to you a research questionnaire. If you fill out and return this questionnaire, you will be entitled to extra bonuses.

There is no need to worry about finding out about an unavoidable coming disaster thru your chart. As mentioned, astrology deals in potentials. Your free will can override potentials if you know about them. In any case, the policy of qualified astrologers is positive astrology. If there is something negative in your chart, you are told what you can do to make it positive.

To get your horoscope thru this special opportunity, simply fill out the research computer form to the right and mail to the address given on the form. Include the \$3.00 copy cost for each horoscope or charge your credit card. There is a limit of two per family. If you don't know your exact time of birth, fill in 12:00 PM.

If you have any questions, call me, John F. Ford, president, The American Astrological Association, at (216)494-4080. Thank you!

I submit my birth data for research. I am now eligible to promptly receive my 3,000 word natal horoscope for only a \$3.00 cost to make my duplicate copy. One or two names from my household may be submitted. (Limit of 2 - no exceptions)

Now! With the simple method of Foot Reflexology!

'You Can Get Almost Immediate Relief from Aches and Pains All Over the Body!'

"I have brought relief to countless suffering people with this method—and have watched their joy of regained health and vitality—when all hope had seemingly been lost!"

"Let me show you how it can bring about the normal function of a specific location or organ..."

Says MILDRED CARTER, Professional Reflexologist

Dear Friend:

My name is Mildred Carter. I am not a doctor, but for over 14 years, I have been helping people receive remarkable relief from seemingly hopeless aches and pains all over the body, with a method—which you can use, too—called Foot Reflexology.

Foot Reflexology is a method for healing the whole body. If you've ever suffered from foot trouble, you know that it's the feet that make the whole body ache. By rubbing and pressing gently on certain areas of your feet, I can show you how you may get almost immediate relief in OTHER PARTS OF THE BODY!

Why? Because the feet contain Reflexes, which lead like telephone lines to all parts of the body. By pressing them, you help restore normal circulation and health to congested areas. No one can guarantee a cure, nor is it a medical substitute, but:

- I have seen it relieve crippled hands and feet, caused by painful arthritis, straighten whole bodies and bring them back to normal!
- It can stop the pain of hemorrhoids almost immediately!
- Most headaches vanish immediately with this method!
- I have seen it relieve liver and gall bladder trouble!
- I have seen it clear up stuffed sinuses almost immediately!
- I have seen it relieve back troubles, in a matter of seconds!
- I have seen it bring fast relief to stomach troubles!
- I have brought lasting relief to sufferers of varicose veins with this method. This is also true with cramps or pains in the legs!
- I have seen it relieve bladder trouble quickly, with great relief after the very first treatment—all sensation of burning or itching seems to disappear completely!
- This simple method can bring women blessed relief from many disorders which may have been troubling them for years!
- I have brought relief to men, in every case of prostate trouble I have ever treated with this method!

And still that's just the beginning! You'll find the full details of this amazing method of healing in a new book which I have written, called **HELPING YOURSELF WITH FOOT REFLEXOLOGY**. I'll tell you how to get it in just a moment, but first I want to tell you more about it!

Many Healings Reported!

Foot Reflexology is a safe, natural, and inexpensive way to help restore healthful circulation to every area of your body.

Did you ever notice how quickly water freshens when good water is poured into muddy water? Foot Reflexology does the same for circulation in your body. Blood flow slows over the years. Naturally, glands and organs become sluggish, stimulating a new flow of blood to these "tired" places brings new life, clears glands and organs of years of accumulated waste.

Healings and relief from discomforts of all sorts are reported, by the dozen, in the pages of my book. All were obtained with the help of Foot Reflexology.

Here's What I Say in This Book:

Gall Bladder Healing "There are many cases where Reflex Massage of the liver and gall bladder has saved people from having an operation,

with the stones seeming to vanish after a few treatments."—Quoted from Chapter 12

Anemic Conditions "Anyone who is anemic will find... improvement can be so rapid it is amazing. With pernicious anemia, results will be slower, but Nature will be there, changing new blood cells for old."—Quoted from Chapter 11

Healing the Heart "No matter what the nature of the trouble in the heart can be aided with this method.... I can give you many case histories of wonderful results from this scientific massage of the reflexes on heart patients."—Quoted from Chapter 13

Relief for Leg Pains "I believe I have treated more cases of leg aches than any other malady, and most were caused by the sciatic nerve. Many people suffer for years without any relief. Yet it is so amazingly simple to banish all inflammation from this nerve in an unbelievably short time. In many cases this method has brought relief in one treatment."—Quoted from Chapter 22

Varicose Veins "I have brought lasting relief to sufferers of varicose veins by starting the proper circulation with Reflex Massage, thus causing congestion to disappear. This is also true with cramps or pains of any kind in the legs."—Quoted from Chapter 16

Relief for Hemorrhoids "Hemorrhoids are nothing more than a congested vein (known as piles). This is actually a varicose vein in the rectum. These can become so large as to protrude, causing inconvenience, much suffering, and in many cases bleeding. Though painful, they are usually suffered in silence by those who have them. Yet with Reflex Massage they are one of the quickest to respond to treatment. Here we will learn how to use the Reflexology method to bring you prompt relief!"—Quoted from Chapter 21

How to Make Reflexology Your Rejuvenator "Would you like to be young again? Would you like to walk expectantly into the future, to enjoy new experiences, with a revitalized body? We do not have to be old... Reflexology rejuvenates the entire body, giving new life to glands and cells. Blood flow slows over the years. Naturally, glands and cells become sluggish. Reflexology stimulates a new flow of blood to these tired places, clears glands and cells of accumulated waste, brings them new life!"—Quoted from Chapters 3 and 24

You'll Discover...

- How Reflexology relieved a man's stuffed sinuses. "After the first treatment, he could suddenly breathe through both sides of his nose" and he felt well again.
- How a woman who had hurt her spine, and was in so much pain that she called a bone specialist to take x-rays, received so much relief with Reflexology—after a single treatment—that she was able to get up and do her work. She felt so much better, in fact, that she cancelled her appointment for x-rays, and claims she is fully recovered.
- How a man with a hunchback—a huge, ugly bulge—received a complete healing with Reflexology. He was free of pain, and "he was able to stand straight." The hump disappeared. "He was not deformed at all," I reported!
- How a man who suffered from ulcers, kidney trouble, hay fever, and constipation, received complete relief with Reflexology. "The symptoms of each illness disappeared one by one," and today he sleeps like a baby every night!
- How a man with a heart condition was healed with Reflexology. Doc-

My name is Mildred Carter. I am not a doctor, but I have been helping people receive remarkable relief from seemingly hopeless aches and pains!

What A Physiotherapist Says:

"During my forty-eight years as a Physiotherapist in my own Treatment Centers... I have had every opportunity to observe the amazing benefits of manual massage. As a means of rehabilitation where physical trauma is involved, it ranks high in the annals of Medicine."

"The techniques described in Mrs. Carter's book have been developed by experts in the field of reflex massage, and we have no hesitation in recommending them.... For the relief of pain, we know of no other means short of opiates to achieve this objective."

—CLARENCE E. MUNROE
Registered Technician, Physiotherapy

tors had always warned him he couldn't do the things other men did. With this method, "his heart returned to normal enough to allow him to do anything he wanted, without any trouble. Today, after more than 10 years, he is a strong and well man."

AMAZING TRUE Experiences!

"Reflexology will free you from sickness and suffering, and fear of pain, when used correctly."

"There are so many personal experiences which I could recount, stories of illnesses which were relieved by reflex massage, that I find myself wanting to tell all of them at once. I have seen it do marvelous things that surprised me many times when doctors said it couldn't be done."

"It can do this for others, it can do this for you! I have proven that this method of healing works, in my own experience. Try it on yourself and FEEL the results!"

Safe To Use!

What's more, Foot Reflexology is absolutely safe. It is the "drugless" way to better health, and requires no exercise, no expensive equipment of any kind. It is so simple, and natural, that it is safe to use on anyone, from the youngest baby to the oldest person. In fact, it is a Rejuvenator that can actually win you many years of new youth!

Read It All From Cover to Cover, For 30 Days, Entirely At Our Risk!

I have proven that this method of healing works in my own experience. You owe it to yourself to try it at our risk and FEEL the results. And I invite you to do just that! Fair enough? Why not send in the coupon—TODAY!

Sassy Shirtdress

By Rosalyn Abrevaya

Will the shirtdress ever die? Not when designers keep turning out new variations like this nifty style. And not until a more comfortable silhouette is devised. Our case in point features front and back yokes, softly gathered sleeves and open-throat collar. The skirt ends in a flurry of inverted pleats. Make it self-belted or not in a gabardine, polyester-cotton or light woolen. Size 12 takes approximately 3½ yards of 44-inch fabric. Standard measurements for size 12 are: Bust 34, Waist 25½, Hips 36.

Ten Gas Saving Tips Most Drivers Don't Know...

How to be a "Mileage Miser" with Your fuel dollar

By James Joseph

Drive like a "mileage miser," and you can stretch your gasoline mileage 20 to 40 percent. Maybe more. Here's how expert fuel savers (most of them professional drivers) do it. And how you can, too.

Think hot. Right off, you can cut fuel use 8-20 percent on summer days by *not* using your air conditioner. Among accessories, it's your car's No. 1 power (thus gas) squanderer. You can shave off another five percent simply by operating your engine *normally* hot: 240°F. when your radiator is filled with the usual 50/50 mix of antifreeze and water, and is capped with a high-pressure cap. A hot engine burns fuel most efficiently. To raise engine temperature in around-town driving (where, normally, an engine never warms enough for complete combustion), reduce the amount of air that can flow through the radiator. Simply blank out a portion of the radiator grille with any air-resistant material. That's what those sports-car "radiator blankets" do.

Fifty mph — the "magic" speed. Everybody knows speed wastes gas. Not many know how much—or precisely why. Above 50 mph, fuel consumption soars. The fuel wasters are wind resistance and the high-speed "jet" in your carburetor, which, above 50 mph, literally gushes gas. You can reduce fuel consumption a hard-to-believe 25 percent by cruising the highway at 50 mph instead of 70—and 11 percent by keeping to 50 rather than 60 mph.

Spark plugs can save you ten percent. A tune-up, new spark plugs and a little grease in the right places can whack another ten percent—or more—off fuel consumption. Burnt or worn spark plugs—which prevent full combustion—can waste one gallon in ten! Mistimed ignition systems, fast-idling engines, dirty air filters or carburetors—all waste gas.

Yes, over-inflate your tires! Friction is a mileage murderer. Poor lubrication on wheel bearings, for ex-

ample, saps engine power—and mileage. So do too soft tires. Keep yours inflated to the maximum recommended by the manufacturer—and, say the experts, inflate them four pounds higher than recommended on long trips or with heavy loads.

And use only lightweight oil in the engine, transmission and rear axle. Using SAE 40 motor oil instead of heavy SAE 40 can save you 1.2 miles per gallon.

Thermometer vs. gas. Don't travel in really blustery weather—especially if you'll be driving most of the way against the wind. Head winds can cut your mileage 20 percent (up to 50 percent if you drive a camping-type vehicle). In winter and on the hottest summer days, restrict how far and how much you drive. Both seasons are gas robbers, particularly winter. Fuel mileage plunges as the thermometer falls.

The miles-per-gallon meter. Even if you *think* you know most of the tricks of fuel-economy driving, you'll learn more if you install one of the new fuel-flow meters. It tells you at a glance how many *miles per gallon* you're getting. Or wasting. Average drivers should recoup the electronic device's cost (about \$80) in as little as 12,000 miles. The meter shows the gas waste in jackrabbit starts, quick lane changes and accelerating as you climb a hill.

Here are some more metered tips for gas-saving driving:

—Maintain steady speed and a steady foot on the accelerator.

—Anticipating a stop, get off the accelerator as soon as you can.

—Spend as little time (and fuel) idling as possible. Stopped in traffic or waiting for a light, shut off your engine. And rather than idling to warm up the engine, start right out, warming it at a modest speed.

—Use second gear only when you must. Driving in second rather than in fuel-economizing high gear cuts mileage 15 percent.

Leonard before starting his "5 Minute Body Shaper." After 7 Days - A remarkable transformation - just almost gone - redefined. After 14 Incredible Days - Shapelier, redefined, looking 15 years younger, losing 25 years younger.

Joe Weider, fitness expert and creator of champion stars 1950 days.

"Give me 5 minutes before daily for only 7 days and you'll lose up to 3 inches from your waistline, up to 6 pounds of unwanted weight, and 'shape up' - or I will return your money!"

LET'S FACE THE FACTS WHY YOU'RE OUT OF SHAPE.

You are the wrong combination of foods, you do not get enough exercise to thoroughly work your muscular, metabolic and respiratory systems daily. Because of this, fat accumulates around your waistline, lower mid section, thighs, hips, shoulders, arms, aging your body and destroying your vitality, virility and youth. There is only one way to firm up and shape up: that is through proper exercise and proper nutrition. Exercise increases circulation, releases poisons, stimulates metabolism, improves and polishes skin and other glands designed to respond to your tissues and to work and have been exposed by the medical profession as (freaks, ineffective and in some cases dangerous. They can only reduce your performance.

Firm up in 14... if you want to slim down, lose and shape up, you must work off the inches, and there is no safer, faster and more applicable way. Patent Pending © Copyright Joe Weider, 1972

to do it then with our patented, truly indestructible "5 Minute Body Shaper Plan."

HOW DOES THIS INCREDIBLE "5 MINUTE PLAN SLIM, FIRM AND SHAPE YOU UP?

It's a combination of action is based on doing one thing - "5 Minute Exercise Shaper Plan" - combined exercise, lying on your back! That's all you do! That's all your body needs to help make up for the lack of activity it doesn't get most of the day. The action is designed to supply your metabolism and helps (release fat accumulation) quickly, giving your body a healthy, sleek and shapelier look with the activity it needs to slim you and bring you alive. It also burns all excess fat by fast by working on your metabolism and respiratory system, using up stored calories, carbohydrates and fats and restoring muscle water, thereby shaping and firming up your total body!

It's safer than strenuous gym workouts, beats the time consumption and dangers of gym workouts...or any other vigorous sport.

The said weights about 14 ounces and use any water-soluble cane. You can carry it with you and use it...anytime...wherever there's floor space for your body. Even while watching television.

WHAT THE EXPERTS SAY:

Medical Doctors, Chiropractors, Osteopaths, Athletic Coaches... agree in the most successful Weight Reducer and Shaping Up Plan ever invented!

"Doctors have always known, taught and done while lying on the back... virtually eliminates all fat while slimming and reshaping the body. Years in the fitness Body Shaper Plan has put the method."

RICHARD TYLER, D.C.

"Start jogging and working out in gym - and much faster. I lost 4½ inches off my waist in 14 days!" - BILL HARMY, former athletic coach.

"Microscopic Weight loss in a period, is simple to use and better working out in a gym with 20 different exercises!" - TOM MARCHIONELLO, former gym owner.

"Based on sound physiological and medical knowledge, it burns fat and shapes the body without strain in the heart or other organs. I lost 12 lbs. of excess weight using it!" - DR. ANITA D. SANTACILIA, Chiropractic Orthopedics

WHAT COMES OFF IN 14 DAYS?

14-day period, you can expect to lose up to 4 inches from your waistline and up to 16 pounds from your present weight. It strengthens your heart and lungs, increases blood flow and metabolism, improves your digestion function and general health. It also shapes your legs - up to 3 inches in 14 days. "5 Minute Shaper Plan" - it's done in 14!

"EXPOSING EFFORTLESS EXERCISES"

Reader's Digest (Sept. 1971), New York Times and Good Housekeeping, among others, exposed some weight-reducing, health, metabolic and athletic exercises as feasible, scientific, research, medical and fitness experts all agree...there is only one way to (firm up and shape up your body...and that's with the fitness shaper!

What in the World!

UNFINISHED MASTERPIECE
Who did it, and with what?

Is this a picture from a museum? An early sketch, perhaps, by da Vinci or Michelangelo? No, this picture was drawn on a wall of Cell 8 of the St. Louis Central District Police Station. It was done over 40 years ago by an unknown prisoner, and the police have grown so fond of it that they have had the wall removed and placed under glass at the Police Academy. Many experts have analyzed it, but so far no one has been able to determine what was used to make the almost-life-size masterpiece. Another riddle: Why was the right hand never completed? Perhaps it has a symbolic meaning. More probably, the prisoner's term was up.

ANN MILLER
What a way to meet the Queen!

Ann Miller tells of wearing diamonds, emeralds and rubies said to be from the Farouk collection, to a party in Hollywood. "I met the exiled Egyptian Queen Mother Nazerlie, who had been thrown out of Egypt by her own son, King Farouk. When we were introduced I started telling her that I had been in her country and how wonderful it was. But then I noticed she wasn't listening. She was standing there staring at my Egyptian bracelet and clips.

She finally asked me where I got them, and I told her. Then she said, very softly, 'Those are mine. They once belonged to me.' ... If I'd been a terribly wealthy woman I would have taken them off right there and given them back to her. Instead, I told her I'd treasure them forever, and I have." From "Miller's High Life," by Ann Miller with Norma Lee Browning (Doubleday, \$7.95).

VIRGIL AND HIS BOTTLE
"Too much fun being people?"

Virgil, part Siamese and part tabby, was abandoned by his mother when not quite two weeks old. He was hardly more than a handful, half-dead, eyes not yet fully open. Not much hope remained, but Virgil was kept alive by the Paul A. Jerrain family in Simi Valley, Calif. They hand-fed him every two hours: first with an eyedropper, then a spoon. After three days he graduated to a two-ounce animal baby bottle. Now, at the age of nine months, Virgil still remains very much a baby. At the sight of his bottle, he will jump on the living room couch to be cuddled and fed. According to his veterinarian, "Virgil will never become a cat; he's having too much fun being a people!"

Quips & Quotes

ARMOUR'S ARMOURY By Richard Armour

When we depart for, say, two days,
We risk a parting of the ways.
I say we ought to leave a light on;
My wife says no, and there's a fight on.

I say the burglars this will scare;
They'll think there's surely someone
there.

My wife insists a light's a beacon
And burglars simply see to peek in.

Besides the glare and the publicity,
She notes the cost of electricity.

I say it doesn't cost a lot
To leave on just a 40-watt.

And so it goes, pro light and con,
To leave it off or leave it on.
Who wins, however, you must miss....
A burglar may be reading this.

My mother is the sweetest person in the world, but her driving abilities leave something to be desired. Our two daughters had just spent a week visiting her. We were driving home one evening and our youngest daughter Lina, who's five, said to her father in a disgusted tone, "It's no fun riding with you—you only stay on one side of the road."

JULIET LOWELL'S CELEBRITY LETTERS

Juliet Lowell, author of the all-time best-seller "Dear Sir," collects unintentionally humorous letters to and from people in all walks of life.

To Mr. Merv Griffin

Dear Mr. Griffin,

You haven't been divorced very long but an attractive man like you won't be able to stay unmarried. Can I be invited to your wedding when you get married again?

Your admirer,

Cecily F.

Archaeologist to colleague studying ancient stone tablet: "Well, roughly translated, it says, 'Don't fold, spindle or mutilate.'"

LITTLE EMILY

"Hey, Mom! Your ears are still on! She didn't talk them off like you said she would!"

THIS MACHINE CAN TAKE YOU FISHING.

It's Laredo's cigarette-making machine. Makes 20 great-tasting cigarettes at less than 20¢ a pack*, a big difference compared to factory-made cigarettes. You pocket the savings that can soon take you on fishing trips, or buy some of life's other little pleasures...from a new rod 'n reel to you-name-it. Freshness, flavor and big savings! Get them all for just a few easy minutes every day. Land a Laredo Filter Blend Kit now. What a catch!

If you covet
the Look and Quality
of the latest Executive Styles,

but are sick and tired of paying ever spiraling higher prices, it is time you learned how millions of smart business men are kicking the habit of high priced shoes.

IT IS THE PRICE OF LEATHER THAT IS ZOOMING BEYOND FAIRNESS AND REASON!

How long can anyone afford to keep overspending for shoes made more and more expensive because of leather scarcity? Especially when shoes that look and feel and wear like a million are right here now at such tremendous price advantage! 2 PAIR FOR 15.95!

THESE ARE NOT CHEAP SHOES

LIFE-OF-THE-SHOE
PVC Sole and Heel

They are the new construction shoe, lasted on hand-carved lasts and made from the new man-made materials that scuff at scuff, are completely waterproof, amazingly light-weight and comfortable. A quick wipe with a damp

cloth is all you ever need to restore their natural shine, and the fine over-all detailing is remarkable.

WE WILL BE PROUD TO SEND YOU TWO PAIRS TO TRY ON!

By all means, take a pair of boots. Looks like a \$20 value right there. But then you get another pair too! Any other pair of shoes on this page and,

You get BOTH PAIRS, ANY 2 PAIRS, for only \$15.95,

postpaid to your door.
